Season and price calculation

The prices are given for the first 2 weeks and for the following weeks. The first 2 weeks depend on the student's arrival date (Friday, Saturday or Sunday). For simplicity, we have given the Sunday dates above.

The following weeks (Extra weeks) are charged according to the appropriate season (A, B or C).

For example, a student arriving on 24 October and staying for 8 weeks pays 2 weeks B season price and 6 weeks A season price. A student arriving on 7 August and staying for 4 weeks pays 3 weeks C season and 1 week B season. Students studying on Business English, intensive and One-to-One courses calculate the prices in the same way and simply add the appropriate weekly supplement.
